## About Dylan Tyburski: From Humble Beginnings as a "Car Washer" to Founder of the Affluent Auto Spa

Ever since he was a child, Dylan Tyburski has loved cars, especially "the really fast ones" -LOL-

When Dylan was 16 years old and attending Ronald Reagan High School, he began his first part time job at the Wash Tub as a car wash attendant. He assisted customers with the interior and exterior cleaning (and detailing) of their vehicles and loved it!

Three key lessons that he carries with him today are the importance of ongoing improvement, delivering outstanding value and providing a high level of quality service. His passion for cars continued as he served as a valet attendant (and supervisor) at the JW Marriott San Antonio Hill Country Resort & Spa.

After obtaining his Construction Technology degree, he also worked part-time for a local gutter installation company. Unfortunately (or fortunately for Dylan) during the 2020 CoronaVirus disease, the company experienced a reduction in force. So, Dylan made the bold entrepreneurial move to pursue his passion for detailing cars full time, and created the Affluent Auto Spa.

Dylan explains it like this,  
"This does not feel like work,  
I enjoy what I'm doing and it's  
my passion!"  
The Affluent Auto Spa is one of  
the top rated mobile detailing  
companies in the area.

### Your Next Best Step

Like any other high quality service you are accustomed to, we schedule personalized consultations. This is because not every car needs a full blown ceramic coating and not every car would look good enough after only a wash and vacuum.

After we assess and diagnose your vehicle, we prescribe a customized treatment plan that delivers outstanding results for you! For a limited time, we are waiving our standard \$97.00 consultation fee.

## Big Announcement!

Ask how we can DOUBLE your manufacturer warranty on any of our vehicle treatment plans (so when you select our 5-year ceramic coating, we cover your vehicle for 6-full years)! When you are an exclusive Affluent Auto Spa VIP Member, not only do we DOUBLE your manufacturer warranty on any of our vehicle treatment plans, you also get our upgraded monthly mini-detail service which includes:

- Hand washing your vehicle's exterior and decontaminating the paint surface (if needed)
- Cleaning the wheels and tires
- Light vacuuming of your interior
- Wiping down your interior surfaces and applying a low gloss UV protectant to the surfaces
- Cleaning your interior glass (if needed)
- Applying a spray wax to your paint surface to extend paint sealant life (if necessary)
- Applying tire dressing to your tires
- And peace of mind that dirt and grime are not allowed to sit for long periods of time and therefore do not damage your vehicle's finish

In summary, as an active Affluent Auto Spa VIP Member, your vehicle gets a monthly mini-detail PLUS if at any time during your extended warranty period your vehicle needs extra attention, we cover it at no additional investment for you. Yes, even if it needs another treatment, we've got you covered!

### Just Magic!

The service provided is astounding. I had the badges removed from my vehicle and the #2 treatment plan. The work was done meticulously and thoroughly. There is absolutely zero evidence that the badges were ever there. The paint underneath is beautiful. The car looks incredible and I couldn't be happier. Thanks again for incredible work and effort!

Sam Beckell ★★★★★

### Very Impressed!

I was super impressed to see the finished product of my car! We had gone to the beach and we have a baby, but looking at my car you'd think it was brand new! ### CLEAN FREAK Perfection!

I had never had any of my vehicles detailed. I clean them all the time myself and keep everything in great shape. The only thing I never really thought about was the paint. Before starting the treatment, Dylan showed me the scratches and swirls all over my car. After the polishing and applying the ceramic coating, they ALL disappeared. I was so thrilled! The paint is just POPPING now! I feel so pleased with his work and detail towards my prized possessions.

## Our Customized Treatment Plans

Like any other high quality service you are accustomed to, we **schedule personalized consultations**. After we assess and diagnose your vehicle, we prescribe a customized treatment plan that delivers outstanding results for you! **For a limited time, we are waiving our standard \$97.00 consultation fee.**

Call/Text (210) 679-1472 [www.AffluentAutoSpa.com](http://www.AffluentAutoSpa.com)

Our prescribed treatment plan may include any (or all) of these proven and time-tested options:

1. **Hand washing** your vehicle twice utilizing a foam cannon combined with our microfiber hand mitts and then drying it with clean microfiber cloths. This ensures all dirt and dust is removed before polishing/waxing.
2. Applying **IronX**. This step removes foreign substances from your paint including mineral deposits, road tar, tree sap and airborne pollution.
3. Performing a **mechanical decontamination** using a clay barring treatment. This removes surface contaminants from everyday driving and restores the absolute smoothness of your paint.
4. Ensuring any **bugs and tar** are removed from your vehicle.
5. **Correcting or removing your paint surface imperfections** (not hiding them with a glaze).
6. **Polishing your paint** to perfection by our experienced professionals. This removes paint swirls and/or light scratches/scuffs, restores paint fading and adds a gloss and shine to your paintwork.
7. **Hand waxing** your vehicle so your shine lasts for months. This adds an extra layer of protection against harsh weather, salt, bird droppings, tree sap, ultraviolet rays and other assorted crud found in the air and on roads.
8. **Interior cleaning** of your vehicle including all hard surfaces and/or leather is cleaned and dressed including dash, door panels, center consoles, vents, cup holders and door pockets. This also includes light cleaning of your carpets, seats and floor mats.
9. **Protecting your plastics and/or leather** from the sun's damaging rays.
10. **Most popular: We often prescribe ceramic coating wraps** because they provide an ultra durable ceramic layer of protection sustaining that deep wet gloss while making your vehicle much **easier to clean and maintain for up to 5 years!** It doesn't have any side-effects to the original paint and its long life span indirectly makes it very cost-effective for you as well. In summary, our ceramic coating process:
  - Provides protection from UV rays
  - Repels water, oils, dirt, and contaminants
  - Protects your vehicle from most scratches
  - Resists stains, bird droppings, water spots, and traffic film and so much more

## Our Add-On Services Include:

Glass Treatment, Badge Removal, Headlight Restoration, Carpet Deep Cleaning, Stain Protectant and even Pet Hair Removal.

## Are You Ready for the Affluent Auto Spa Experience?

The Affluent Auto Spa is NOT your "typical San Antonio auto detailing shop" because the others usually work like this, you drop off your vehicle, and then you pick it up when it's ready. Sounds good so far, but have you ever wondered what was actually done while you were away? Have you ever pondered on what services were actually performed to your vehicle?

Rest assured, with Affluent Auto Spa you'll know exactly what's being done, how it's being done, and the positive effects of the treatments being performed each step of the way. We even **keep you updated on our progress by providing you with photo and/or video updates** throughout the treatment.

## Let's Have an Open Conversation About Pricing

Because we get this question occasionally, let's cover it now. "Why are your prices higher than others for auto detailing?"

Our vehicle treatment plans are high quality and we deliver outstanding results. Therefore, **our pricing (or your investment) for our treatment plans is often higher** than "typical San Antonio auto detailing shops."

This is true because **we invest in the top training, education and certifications** to increase our team's knowledge, skills and abilities. We also invest in the latest and greatest technology, "lotions and potions" and the most cutting edge equipment available. This means that we provide you with the highest quality outcome for your vehicles. We are very proud of our people, processes and technology and our clients agree that this is a good thing.

Volunteering is key for us because we get to "see and feel" the positive impact of our service to others and know that we are making a small difference with our efforts.
